

## horsey—bed kit assembly

Completing this kit requires two high quality pool noodles with a 25mm hole and 70mm outside diameter. Major retailers stock quality brands.

**Assembly video available on [www.nooconz.com.au](http://www.nooconz.com.au)**

Unpack the kit and check there a 4 screws, 1 four way connection and a spanner

Have an adult cut two 300mm long and one 200mm long pieces from one pool noodle

Insert the screws into the 3 cut pieces and one complete noodle using the spanner

For the horsey, fit the barbs into the connector module like the photo :

For the bed, insert the bars into the connector module like the photo :

**This kit turns pool noodles into fun aquatic toys**

**WARNING :** Aquatic toys are not life-saving devices and should only be used in shallow water and under supervision

Ensure the single pool noodle has the safety warning clearly readable
